

Suzey Levis

Lead UX/UI Designer

PROFESSIONAL PROFILE

Motivated and creative designer. Passionate about graphic design, user experience, and interaction design. I love designing to create intuitive and impactful products or services.

WORK EXPERIENCE

The Data Appeal Company, Florence - *Lead UX/UI Designer*

MAY 2022 - NOVEMBER 2023

- Coordinate and mentor the design team, providing support for their professional growth
- Promote a collaborative design environment, encouraging open communication and idea sharing
- Collaborate with cross-functional teams on a regular basis
- Conduct research and analysis activities to support informed decisions and promote user-centered design solutions
- Mediate between team members to establish requirements and determine needs in critical design scenarios
- Create and optimize user flows, develop wireframes, mockups, and documentation
- Develop high visual impact cross-device solutions and intuitive, engaging experiences, ensuring uniformity and consistency during technical implementation
- Closely collaborate with development teams to implement and iterate on projects
- Plan and execute usability tests to validate and refine design solutions, implementing improvements based on feedback
